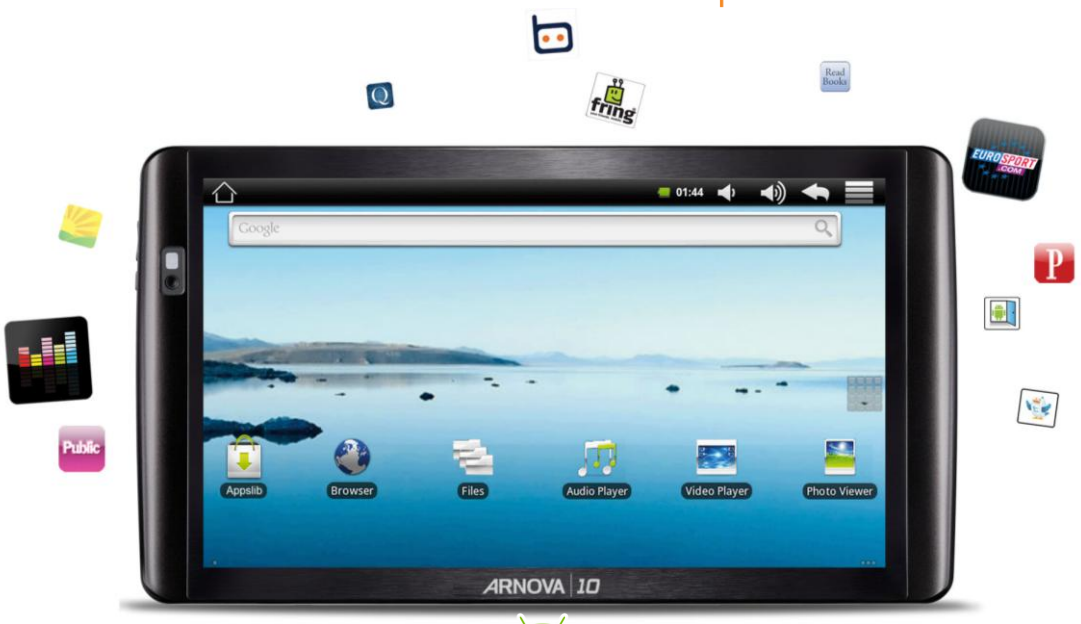
ARNOVA 10



Android 2.1 "Eclair" Operating System

ARNOVA Range
The ARNOVA brand launched by ARCHOS in 2010 offers devices with good performances for a very reasonable price. ARNOVA products benefit from all ARCHOS know-how in terms of design and software.

ARNOVA now introduces a very large-screen Android™-based tablet, the **ARNOVA 10**, flagship of ARNOVA range. It's specially designed to enhance the digital lifestyle at home so comfortably on the large 10" screen. Beyond containing your window into the Internet and your HD multimedia player, the ARNOVA 10 is completely customizable with a world of apps to make it your very own entertainment tablet. And all this at a very affordable price.

In a few words:

- **All your Android™ apps**
  All your favorite Android™ applications are available directly from the AppsLib store. Whether you're looking for games, daily news, sport results, practical information, social networks or ebooks you'll find an application for it.

- **Multimedia in HD quality**
  Your movies and photos will look so bright on the 10" high-resolution touch-screen. Wherever you are, you can watch your favorite movies up to HD resolution (720p).

- **Rich Internet & email experience**
  Browsing the web has never been as easy as on the ARNOVA 10. Enjoy the comfort offered by the large 10" screen. And stay in touch with your family and friends with the pre-installed email application.

All your Android™ applications

Android™ applications ready for your tablet
Enjoy a selection of pre-installed applications ready for use straight out of the box. You can also access a large choice of free and paid-for applications directly from the AppsLib store: games, news, communication... all you could need is available here.

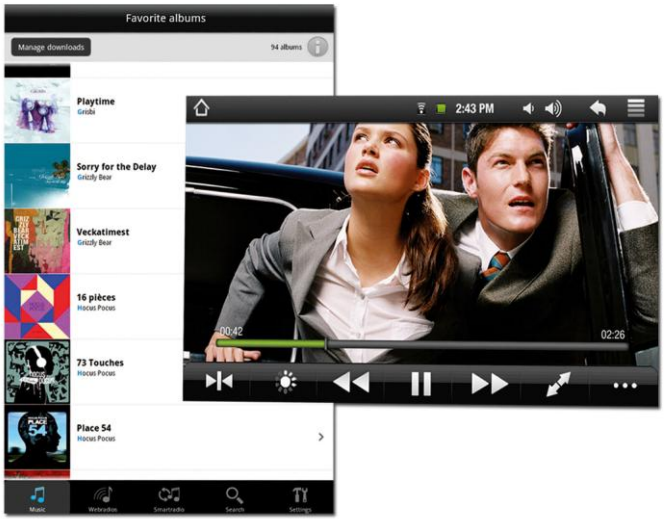
Fast & easy access to the latest news
Use the web browser or the many applications available on the AppsLib store to keep you informed of the latest news. Access your favorite newspapers, sports or financial information directly from the tablet. Or even use a cooking recipe application to find new ideas for dinner.

Save time by accessing instant information services
You now have easy access to information services such as weather and local business directories. You can also configure different services to appear as live widgets on the home screen, giving you the ability to view all the information that matters to you.

Your PC, anytime and anywhere
Use the USB host connection to connect a mouse, keyboard or external mass storage. So, you can surf the web or access to your office documents more easily and quickly. With the tablet you won't need to start up your PC, most all your computing tasks will be satisfied by your ARNOVA 10.

Multimedia in HD quality

Its striking 10" display delivers exciting experience for watching films, viewing pictures, e-reading or sharing documents.



And much more
You can also access to many

additional functions such uploading your pictures directly to the device through the USB connection or the micro SDHC slot. You can view and share all of your pictures on the brilliant 10'' screen. Combine your favorite photos with your favorite songs and play a slideshow for your friends and family.

Last but not least, the ARNOVA 10 lets you to store your favorite songs and create your playlists. You can turn your tablet into a music center and listen to music for up to 40 hours[5].

Rich internet & email experience

The ARNOVA 10 is the product perfectly designed for communicating with friends, while staying within the comfort of your home.

Fast & convenient web surfing
With an 800 pixel wide resolution and a 7'' screen, you can comfortably surf the web in full width. No need to zoom in and out, web pages are fully displayed on the ARNOVA screen. In addition, the Wifi connection (802.11 b/g) gives you the ability to enjoy the Internet in every room of your home.

Keep connected with your friends through social networking & chat applications
This new tablet lets you stay in touch with your family and friends anytime of the day thanks to social networking & chat applications. With its comfortable virtual keyboard, it's a breeze to write messages on the ARNOVA 10.

Email application
Once connected to the WiFi network, the ARNOVA 10 lets you manage your emails whenever you want. You can configure a variety of email accounts, giving each member of the family quick and easy access to their own messages.
